

# MOBILE SITEWATCH<sup>SM</sup> SURVEILLANCE TRAILER

## The PetroCloud SiteWatch<sup>SM</sup> System is Now Mobile!

PetroCloud's reliable remote surveillance system is now available in a simple trailer design that can be self-deployed quickly for any emergency situation. It's perfect for short-term deployment situations, but rugged enough for long-term use in the field. Each Mobile SiteWatch system is customizable to meet your needs.

### Benefits

- ▶ Rapid deployment into extremely remote and rugged locations
- ▶ Simple installation and operation - no tools required
- ▶ Receive motion alerts and stream cameras remotely
- ▶ 24x7 HD video recording, accessible remotely
- ▶ Self-powered solar system with optional generator back-up
- ▶ No software to download, no plug-ins or software licenses
- ▶ Stand alone wireless with extended range cellular backhaul
- ▶ Controlled remotely through web-enabled browser
