

# SITEWATCH<sup>SM</sup> SURVEILLANCE SKID

## Remote Surveillance Systems for Environmentally-Sensitive Areas

Can't dig to put poles in the ground? No problem. PetroCloud's SiteWatch solution is skid mounted and provides an alternative to in-ground options when regulations don't permit digging or mandate special protection because of landscape, wildlife or other factors.

## Applications

- ▶ Utility substation maintenance and security
- ▶ Construction sites
- ▶ Disaster recovery
- ▶ Parks and local landmarks
